
Born from the grit of Paso Robles, CA, Iron + Sand is a nostalgic nod to the natural draw of the historic hot springs, Iron Spring and Sand Spring, that propelled Paso Robles into a bustling destination known as California's oldest watering place. Iron and sand are also important elements in the wine's classic Paso terroir, as the sturdy iron trellising supports the bearing vines and the alluvial, well-drained sandy soils are the perfect match for Cabernet Sauvignon.

VINEYARDS

Our Cabernet Sauvignon is sustainably sourced from renowned Paso Robles vineyards located in prime sub-AVAs.

CAGLIERO VINEYARD & ESTRELLA RIVER RANCH VINEYARD, SAN MIGUEL DISTRICT AVA

The majority of the grapes come from the San Miguel District, the northern most sub-AVA in the greater Paso Robles region. This area was named after the San Miguel Mission, built by Franciscan missionaries in the late 1700s. Fruit from this region is subject to the effects of large diurnal shifts, sometimes experiencing a swing as large as 50 degrees, helping to enhance the beautiful acidity in the fruit. The deep alluvial, sandy soils, combined with being one of the warmer AVAs in the Paso Robles region, makes for ripe fruit with smooth, supple tannins.

STEFFANO II VINEYARD, EL POMAR DISTRICT AVA

About 9% of the grapes come from the family-owned Steffano II Vineyard (formerly known as Parrish Templeton) in the El Pomar District, south of the city of Paso Robles and east of the Templeton Gap, where sea breezes and marine fog help to cool the vineyards at nights. Comprised of clay, granite and calcareous soils, this site creates beautifully balanced fruit with enhanced structure.

GROWING SEASON

The 2022 vintage was dominated by two major climatic factors: drought and a late harvest season. These conditions, combined with a heat spike in August and September, led to a quick ripening season. Despite the challenges, this vintage presented exceptional fruit quality, great acidity and complex, balanced flavors that deliver a classic Paso Robles Cabernet Sauvignon.

WINEMAKING

After careful harvesting, grapes were brought to the winery for processing. Our unique winery set up, with fermenters situated on top of storage tanks, allows for minimal pump usage while sending pomace to our press. The wine underwent three pump overs per day, with each lot receiving custom scheduling to ensure appropriate levels of extraction to fully take advantage of the vineyards' terroir. A small portion of the wine (less than 6%) was placed into first year French and American oak, contributing to palate weight, a smooth texture and mouthfeel complexity. The rest of the wine was aged in neutral barrels for 10-11 months allowing for the extraordinary Paso Robles terroir to shine through in the final blend.

TASTING NOTES

Dense purple in color, this wine opens with aromas of ripe red fruits, cherries, anise, cedar, savory spice, roasted coffee, and tobacco. The wine is velvety and lush presenting delicious flavors of raspberry, cherry and plum with warm baking spice, earthy undertones, and a hint of vanilla. The flavors are complemented by lively acidity and fine tannins that lift the wine suggesting a long life. The finish is long, supple and mouthwatering. This Paso Robles Cabernet is the perfect match for local almond wood grilled chicken with a side of stone ground grits, roasted poblano chiles and pepper jack cheese.

APPELLATION: Paso Robles, CA

COMPOSITION:
90% Cabernet Sauvignon,
5% Petit Verdot, 5% Petite Sirah

AGING:
Majority aged an average of 9 months in
neutral French and American oak
barrels

ALCOHOL: 14.1%

T.A.: 0.61 g/100mL

pH: 3.65

HARVEST DATE:
September 8th, 2022 – October 28th,
2022

RELEASE DATE: Summer 2024
